

CASE STUDY

DRAINPIPE RECONSTRUCTION

CALIFORNIA, USA 2020

OVERVIEW

Drain reconstruction, concrete repair reinforced with Binevir wire mesh gauge 11 4"x4" (3 mm 100x100 mm) - California, USA.

Concrete repair of a drainage tunnel lining was a difficult project made a little easier by using Binevir wire fiberglass mesh gauge 11 4"x4" (3mm 100x100 mm) which is supplied on a roll and weighs only 360g/m².

Approx. 1000 m² of Binevir fiberglass wire mesh gauge 11 4"x4" (3mm 100x100 mm).

PRODUCT DESIGNATION

No memory,
unrolls flat

Lower
installation cost

Rust free

2x stronger
than steel

3x lighter
than steel

Easier to haul

ISSUE:

Restricted access and working environment.
